

# Star Clusters: the Gaia Revolution

## Thursday, 7 October 2021

### Chemistry and synergies with ground-based surveys (08:25 - 10:50)

time	[id] title	presenter
09:00	[50] Detailed open cluster chemistry from ground-based spectroscopy	CASAMIQUELA, Laia
09:30	[51] LAMOST meets Gaia: The Galactic Open Clusters	FU, Xiaoting
09:45	[52] The chemical composition of very young open clusters in the Solar neighbourhood	BARATELLA, Martina
10:00	[53] Detailed chemistry of thousands of Globular Cluster stars from APOGEE	SCHIAVON, Ricardo
10:15	[54] Homogeneous investigation of lithium in globular clusters	SANNA, Nicoletta
10:30	[55] Poster talk
