## Structure of light hypernuclei from view point of few-body problem

*Tuesday, 9 July 2024 10:20 (40 minutes)*

It is important to obtain information on  $YN$  and  $YY$  interaction from study of structure of hypernuclei. For this purpose, I have been studying  $\Lambda$  hypernuclei for  $\Lambda N$  interaction. In this conference, I will report of structure of  $\Xi$  hypernuclei and  $\Xi N$  interactions.

### **session**

J. Strange Nuclear Systems
