

The Milky Way Revealed by Gaia: The Next Frontier

Wednesday, 6 September 2023

WG3: Planetary Systems Near and Far. Chair: Anthony Brown (11:00 - 12:40)

time	[id] title	presenter
11:00	[109] Report WG3: Planetary Systems Near and Far (online)	DE RIDDER, Joris
11:10	[31] Gaia DR3 and colors of the Solar System	OSZKIEWICZ, Dagmara
11:40	[42] Estimating the Shapes and Spins of Asteroids from GAIA DR3 Photometry (online)	MACLENNAN, Eric
11:55	[85] The Photocenter-Barycenter Effect in Gaia astrometry and its Impact on Asteroid Orbit Determination (online)	DZIADURA, Karolina
12:10	[94] Shape modelling and spectral classification of asteroids using data from the AS Vidojevica and Gaia DR3	APOSTOLOVSKA, Gordana
12:25	[95] GAIA mission: the true time saver for asteroids shape modeling and spectral classification	VCHKOVA BEBEKOVSKA, Elena
