

# The Milky Way Revealed by Gaia: The Next Frontier

## Wednesday, September 6, 2023

**WG3: Planetary Systems Near and Far. Chair: Anthony Brown (11:00 AM - 12:40 PM)**

time	[id] title	presenter
11:00 AM	[109] Report WG3: Planetary Systems Near and Far (online)	DE RIDDER, Joris
11:10 AM	[31] Gaia DR3 and colors of the Solar System	OSZKIEWICZ, Dagmara
11:40 AM	[42] Estimating the Shapes and Spins of Asteroids from GAIA DR3 Photometry (online)	MACLENNAN, Eric
11:55 AM	[85] The Photocenter-Barycenter Effect in Gaia astrometry and its Impact on Asteroid Orbit Determination (online)	DZIADURA, Karolina
12:10 PM	[94] Shape modelling and spectral classification of asteroids using data from the AS Vidojevica and Gaia DR3	APOSTOLOVSKA, Gordana
12:25 PM	[95] GAIA mission: the true time saver for asteroids shape modeling and spectral classification	VCHKOVA BEBEKOVSKA, Elena
