

The Milky Way Revealed by Gaia: The Next Frontier

Wednesday, September 6, 2023

WG1: The Milky Way as a Galaxy (I). Chair: Teresa Antoja (2:15 PM - 3:40 PM)

time	[id] title	presenter
2:15 PM	[110] Report WG1: The Milky Way as a Galaxy	HATZIDIMITRIOU, Despina
2:25 PM	[97] Chemodynamical models of the Milky Way (invited talk)	VASILIEV, Eugene
2:55 PM	[28] Possible confirmation of the spiral density-wave structure in the solar neighborhood using about 650000 Gaia EDR3 stars	GRIV, Evgeny
3:10 PM	[36] Spiral-like features in the disc revealed by Gaia DR3 radial actions	ALONSO PALICIO, Pedro
3:25 PM	[47] Radial Wave in the Galactic Disk: New Clues to discriminate different Perturbations	CAO, Chengye
