

Session Program

26–28 Jan 2026

**Exploring the quantum chromodynamics phase diagram:
from hadrons and nuclei to matter under extreme
conditions (HADNUCMAT)**

Summary of the day + discussions

Facultat de Física, Universitat de Barcelona, 1st floor room V12M
Carrer Martí i Franquès, 1 08028 - Barcelona, Spain

Monday 26 January

16:10

17:10

Summary of the day + discussions

Session |

Location: Facultat de Física, Universitat de Barcelona, 1st floor room V12M, Carrer Martí i Franquès, 1 08028 - Barcelona, Spain |

Convener: Arnau Rios Huguet

Tuesday 27 January

16:10

17:10

Summary of the day + discussions: Summary of the day + discussions

Session |

Location: Facultat de Física, Universitat de Barcelona, 1st floor room V12M, Carrer Martí i Franquès, 1 08028 - Barcelona, Spain |

Convener: Javier Menéndez

Wednesday 28 January

16:10

17:10

Summary of the day + discussions: Summary of the day + discussions

Session |

Location: Facultat de Física, Universitat de Barcelona, 1st floor room V12M, Carrer Martí i Franquès, 1 08028 - Barcelona, Spain |

Convener: Prof. Volodymyr Magas
