

# Course online on semiconductor radiation detectors 2021

## Monday, 19 April 2021

### Sensors, Interconnects: Part 0: Introductory physics concepts (15:20 - 19:20)

| time  | [id] title                               | presenter      |
|-------|--|----------------|
| 15:20 | [1] Particle detectors for HEP           | Dr COLLINS, P. |
| 17:25 | [2] Interaction of particles with Matter | Dr SALVAT, F.  |

# Tuesday, 20 April 2021

## **Sensors, Interconnects: Part 0: Introductory physics concepts (15:00 - 16:35)**

| time  | [id] title                 | presenter      |
|-------|----------------------------|----------------|
| 15:00 | [3] Sensors, Interconnects | Dr VAHANEN, S. |

## **Sensors, Interconnects: 3D interconnection (17:25 - 19:00)**

| time  | [id] title             | presenter    |
|-------|------------------------|--------------|
| 17:25 | [4] 3D interconnection | Dr PARÉS, G. |
